cessful administration is thus wanting. Orisas, the other day, a narrow export of 30,000 tons of rice from a province containing occount of people growing nothing but rice, was held to be conclusive proof that large food reserves for STORES, of Vessels under repair, tf 2317 Amov. December, 1868. Harness and Saddlery repaired and renovated, tical inquiry would have shown that so narrow a stock of London made being always on hand, an export in the face of the high prices that had been ruling for years, proved that the province was normally treading on the verge of famine. There are no satisfactory statistics at prosent in India upon any subject but its trade, while such as do exist are buried in the recesses of the Scoretariate, or in the Appendices to Parliamentary Returns, out of reach of the public. Long familiarity with the kind of information wanted, the sources from which it is to be obtained, and the shape in which it reuny person requiring his services, on receiving quires to be presented, furnishes the Editor, as instructions to that effect.)

he bimself believes, with special qualifications

for the task he has undertaken. He proposes to meet a want which he has fell keenly himself, and believes that his new journal will be found to be indispensable by every merchant, journalist and civilian in the country, within a very few mouths of its publication. In the Tim's of India he has dealt for many Report, Straits Times Evira, and all other puls years imperfectly with the great questions to which the Indian Economist will now be specially devoted. Imperial and local taxation, the Indian debt, currency reforms, weights and measures, the land settlements of the country, our financial

relations with England, railway extension and my vessels can us obtained from public works, banking, commerce, and exchange, and the course of the Legislature and of the Messr Executive Governments thereon, will form the OTICE-RUSTOMIRE DADARHOY, of Journal. The Editor trusts he may rely upon
